DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-63 are rejected under 35 U.S.C. 102(b) as being anticipated by Wantanabe (US Patent No. 6,344,864 B1).

Regarding claims 1, 21 and 41, Wanatabe discloses a method of copying computer files to a destination location, comprising: receiving a copy instruction, the copy instruction identifying a plurality of computer files to be copied and the destination location (see abstract and col. 2, lines 1-22); displaying attributes of the plurality of computer files simultaneously, in an order in which the plurality of computer files are to be copied (see col. 3, lines 1-23); and copying the plurality of computer files to the destination location in the order in which the plurality of computer files are to be copied (see col. 2, lines 45-67);

Art Unit: 2173

Regarding claim 2, Wanatabe discloses wherein the plurality of computer files includes a currently copying computer file, the currently copying computer file being a computer file that is being copied at the same time the attributes of the plurality of computer files are displayed (see figure 4).

Regarding claims 3 and 4, Wanatabe discloses further comprising displaying a progress indicator indicating an amount of the currently copying computer file that has been copied to the destination location; and further comprising displaying an estimated time of completion of copying the currently copying computer file (see col. 5, lines 46-63 and figures 2-4).

Regarding claim 5, Wanatabe discloses wherein displaying the progress indicator includes: identifying a data size of the currently copying computer file; identifying an amount of data, corresponding to the currently copying computer file, that has already been copied to the destination location; and displaying the progress indicator based on the data size of the currently copying computer file and the amount of data that has already been copied (see col. 3, lines 23-63).

Regarding claim 6, Wanatabe discloses wherein displaying the estimated time of completion includes identifying a copy rate; identifying a data size of the currently copying computer file; identifying an amount of data, corresponding to the currently copying computer file, that has already been copied to the destination location; and displaying the estimated time of completion based on the copy rate, the data size of the currently copying computer file and the

Art Unit: 2173

amount of data that has already been copied to the destination location (see col. 3-4, lines 1-67 and figures 1-5).

As claims 7-14 are analyzed as previously as discussed with respected to claims 1-6 above.

Regarding claim 15, Wanatabe discloses wherein the reorder criteria includes at least one of alphabetical order, reverse alphabetical order, smallest to largest file data size, largest to smallest file data size, oldest to most recent file creation date, and most recent to oldest file creation date (see col. 4, lines 30-62).

Regarding claim 16, Wanatabe discloses wherein displaying the attributes of the plurality of computer files includes displaying the attributes of the plurality of computer files in a graphical user interface (see figures 1-5).

Regarding claim 17, Wanatabe discloses receiving a skip command; and changing a display of an attribute of a computer file from the plurality of computer files to indicate that the computer file is to be skipped during copying of the plurality of computer files (see col. 5-6, lines 20-67).

Regarding claim 18, Wanataber discloses receiving a delete command; and changing a display of an attribute of a computer file from the plurality of computer files to indicate that the computer file is to be deleted after copying of the plurality of computer files (see figures 2-5).

Art Unit: 2173

Regarding claim 19, Wanatabe discloses further comprising not copying computer files that have been indicated as being computer files that are to be skipped during copying of the plurality of computer files (see figures 2-5).

Regarding claim 20, Wanatabe discloses further comprising not copying computer files that have been indicated as being computer files that are to be skipped during copying of the plurality of computer files (see figures 1-5).

As claims 22-63 are analyzed as previously as discussed with respected to claims 1-6 and 15-20 above.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. (See PTO-892).

4. Responses to this action should be mailed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231. If applicant desires to fax a response, (703) 308-6306 may be used for formal communications.
